23/00611/OHL

National Grid Electricity Distribution are proposing to install a new T off electrical connection from an existing 33,000kv wood pole overhead line between the A447 Belwell and Elwell Avenue, Barwell, Leicestershire. Comprising of 4 H poles, one single pole and four pairs of terminal stays as shown on the included plans. The line will tee off from existing pole number 58, approx 10m from this point it will be necessary to install 2 H poles, then 10m from the H Poles a single pole will be installed, finalising the tee with a further set of 2 H poles at the end of the tee and approx. 10m from the single pole and 30m from the existing pole number 58. All H Poles will require 2 stays each giving a total of 8 stays to be installed via an auger boring installation. The works will be undertaken with permission and agreement of the landowner Plans.
